Christ church, Benton Harbor, Mich. The name of Wren—Not, however, Mr. Christopher. It was completed in 1778. In November, 1768, the vestry, of whom George Washington was one, levied an assessment of \$1,185 pounds of tobacco to build two churches, Christ church being one. The specifications called for shingles of juniper, mortar to be two-thirds lime and one-third sand, the pediments to be in the Tuscan, and altar, pulpit and canopy in the Ionic order. Washington was the purchaser of pew No. 5, for \$36 10s. The old records show some curious entries: Two pounds ten shillings was collected of Bryan Fairfax in 1770 for "killing deer out of season," and Thomas Lewis was fined 5 shillings for "hunting on the Sabbath." The money thus collected went for the support of the poor, the lame and the blind, and buried the dead. The old records show that seats were assigned according to rank or for special reasons. One Susanab Edwards officiated as sexton, to the entire satisfaction of the congregation. The old edifice had neither chimney nor fireplace until 1812, foot stoves furnishing the only warmth. The most conspicuous families in the early history of Virginia were worshippers at Christ church—the Adamsons, Herberts, Custises, Blackburns, Carlyles, Muirs, Broadwaters, Alexanders and others equally prominent. General Robert E. Lee attended Sunday school and was baptized and confirmed in this church, and a tablet to his memory adorns the eastern wall. During the occupancy of Alexandria by the Federal troops the rector and many of the parish fled within the Confederate lines. The church was held by the military authorities. A large mound in the churchyard marks the resting place of 34 Confederate soldiers who died in Federal hospitals in Alexandria.—Harper's Weekly.

Chinese Conservatism. Many tales have been told of the unwillingness of the Chinese to see the advantages of the introduction of the telegraph into China. A telegraph journal now adds to the number by the recital of an incident connected with the first cable along the coast from Peking to Shanghai. Soon after the cable was laid a lottery drawing came off in Peking, in which many of the residents of Shanghai held tickets. One of the gamblers so far overcame his distrust of the cable as to have the winning numbers sent him, and he bought the tickets bearing them from his more skeptical townsmen, realizing a small fortune on the transaction. Not long after there was a scanty crop of rice in the upper provinces, and a Shanghai merchant telegraphed to Peking instructions to buy heavily. The ultimate result was that he sold out at an immense profit and retired on an independence. By degrees it began to dawn on the Chinese that it was just as well not to tear down telegraph wires, as the telegraph was a fairly good thing to have around.

A Peculiar Optical Illusion. A correspondent of a photographic journal, in speaking of the special interest that attaches to the Roentgen rays among photographers, who often are not in a position to invest in elaborate and expensive sets of apparatus, says it is not generally known that by means of a very simple optical illusion an almost perfect imitation of the wonders of radiography can be shown without the trouble and expense of induction coils, tubes or fluorescent screens. All that is necessary is to take a small feather from a pheasant or turkey and holding it close to the eye look through the radiating ribs at the end of the feather at the fingers of the hand held up toward the sky or against the window. The flesh of the fingers will then appear to be transparent, with the opaque bone running down in the center, as shown by the true radiograph. If it is desired to exhibit the phenomenon by gaslight, a piece of ground glass must be held in front of the flame to diffuse the light.

More Lives Than a Cat. This is an inscription on a marble slab over a grave at Green Bay: "Dieu sur tout. Here lies the Body of Lewis Galdy Esq. who departed this life at Port Royal the 23rd December 1739 aged 80. He was born at Montpelier in France but left that country for his Religion and came here to settle in this Island where he was swallowed up in the Great Earthquake in the year 1693 and by the Providence of God was by another shock thrown into the Sea and miraculously saved by swimming until a Boat took him up. He lived many years after in great Reputation Beloved by all who knew him and much Lamented at his death."—Notes and Queries.

Trouble Enough. "Well, prisoner," said the judge, "if you have anything to say, the court will hear you." "I'd rather be excused, your honor," replied the prisoner. "If I said what I'd like to say, I'd be committed for contempt of court, and I've got trouble enough without that."—Harper's Bazar.

The Time of Meeting. "Meet me in the key of G," said a musician to his friend. "What time will that be?" asked the friend. "At 1 sharp," replied the musician, and he went out alone into the deep, dark night.—Cleveland Plain Dealer.

Improvements in Gilding. In nothing has the superiority of modern over former methods been made more manifest than in the various processes employed for gilding. Now the greater portion of gilded articles are gold covered by means of the electrical bath. Formerly gilding was done by laborious and troublesome processes in certain stages detrimental to the health of the workman. The old time gilder used an amalgam of gold and mercury, causing it to adhere to the bronze article by means of nitrate of mercury, the nitrous and mercurial fumes being poisonous, always endangering the health of the workman and sometimes inducing incurable disease. Now the article to be gilded is placed in an electrical bath, the current is turned on, and in a short time the piece is ready for the burnisher. Gilding by means of gold leaf and gold powder is still practiced, the work being mostly done by hand, but its delicacy is such as to require long practice and great experience. An amateur gilder has no earthly chance of success. His work will always show the inexperience of the workman.—St. Louis Globe-Democrat.

REASON WHY THE KITRON CASE WAS DROPPED.

Mrs. Kitron Says She Has Not Been Used Fairly by the City Authorities.

Mrs. Lydia A. Kitron was greatly surprised when her sidewalk damage case against the city was dropped. Immediately after her injury officials of the city induced her not to see a lawyer but to present her bill to the city. She presented a bill for \$100 and the same was rejected. Attorney DeLong heard of the case and he induced her to start a suit. She refused to go to litigation at first but the attorney was so certain she had a winning case that finally she consented to go into court. She expected to go into court at the present term, until a few days ago when she received a letter from her attorney in which he said:

"Since commencing your suit against the city I have discovered that the charter of the city requires that within sixty days after the injury for which the person commences suit against the city occurs, the person must make a written claim to the city and present it to the common council for allowance, stating the time of the accident and injury, the nature of the injury, the precise place where it occurred, together with the defect in the street or walk complained of, and the name of the street and place where the injury happened, and if that is not done no recovery can be had."

Mrs. Kitron was much surprised at reading the letter. The facts in the case as above stated, show that she was not trying to play a bluff game but all through acted in good faith. She blames the city authorities for persuading her not to see an attorney before the time limit to start the suit had expired.

HAS A HISTORY.

Story of Major Pearl's Exploits by One Who Knew Him.

Following its notice of Major J. W. Pearl's visit to the far north in search of his favorite game, the South Haven Sentinel indulges in this reminiscence of former expeditions in which the hunting major was himself hunted: We soldiered with first lieutenant, captain and then Major Pearl for four years and a half, and think the buck he gets after might as well give up. Many an instance can we remember of his daring persistency, good judgment and kindness of heart. In getting out of the "hornet's nest" at Shiloh, Lieutenant Pearl lost his sword and crawled back on his hands and knees into the "hot stuff" until he found it. We wish it were possible for him to go on the trail for fifty seasons yet to come.

VIEW OF OTHERS

How the Calderwood-Brown Mill is Regarded.

Dowagiac Republican: Among the late society events at Benton Harbor we notice the announcement of a prize fight last Sunday night, in which nineteen rounds were fought. Local sports and veal youth paid a dollar apiece to witness the intellectual treat.

Berrien Springs Era: About 40 witnesses saw the fun and the more moral element in town seems highly indignant. The owners of the building propose to arrest all the parties present, presumably for trespass. Several "prominent citizens" of the twin cities were present and their prominence may enable the whole caboodle to escape.

Coloma Courier: S. C. Brown and George Calderwood, of Benton Harbor, indulged in a disgraceful prize fight of nineteen rounds in that degenerate and abandoned town for the amusement of some fifty business men and bums. The authorities and others who were not given tips as to the mill are putting up all kinds of kicking at the boxing.

Buchanan Record: Benton Harbor was disgraced by a brutal prize fight, which took place at Alden's cannery factory about midnight Sunday night, between Sam Brown and Doc Calderwood, two local toughs. They were bad friends and in the nineteen rounds fought, they beat and pounded each other until the floor looked like a slaughter house. Popular indignation runs high and the police are after the principals as well as the fifty onlookers.

Gallen Advocate: A couple of prize fights last Sunday in Benton Harbor has set the good people of that city to thinking pretty hard and some of the thinking is done out loud so it can be heard all over the city. The northern part of the county is getting quite noted of late for the prize ring. After all there isn't much difference between a prize fight and a foot ball game.

HAPPY NEWS.

Grand Rapids Capitalists Coming to Berrien County.

The establishment of pearl fisheries promises to develop an industry in southern Michigan of considerable magnitude, says the Three Oaks Press. It is said that Grand Rapids capitalists will employ several hundred men next year in gathering mussel shells along the St. Joseph river. Thousands of shells have been gathered near St. Joseph the past season and rich finds have been reported.

SHE IS GIFTED.

Little Alice McClung Amazes Her Audience.

Little nine-year-old Alice McClung was admired, petted and applauded by an audience at Conkey's opera house last evening. She was the chief attraction in a concert of which the Ladies of the Maccabees were the patronesses.

Miss Alice has amazed critics everywhere with her wonderful skill on the piano. She plays with the perfection that genius alone can attain. Her feet scarcely reach the floor as she sits at the instrument, but her nimble little fingers move over the keyboard with the ease of an artist. She plays Chopin's and Mendelssohn's compositions as easily as less talented persons play the simplest airs.

Her sister Irene, seven years old, is almost as remarkable. She appeared with Alice in a duet which greatly pleased the audience. Graff Clarke, the noted violinist, was one of the artists who assisted in the concert. His work was superb. Mrs. Charles Stone sang a selection and Mrs. Alice Engelman rendered several choice readings.

OVER THE COUNTY

Incidents of Importance Occurring Around Us.

Niles Daily Star: A very probable improvement, to take place on the M. C. in the near future, is the annexation of a 30-foot addition to the large ice house in this city. The company's use of office in this city is great on account of the dining-hall and the furnishing of dining-cars which lay over here. During the past summer the company was put to no little inconvenience on account of the ice supply being inadequate, and were compelled to ship large quantities from the northern part of the state.

Three Oaks correspondence to the Buchanan Record: Through the usual generosity and kindness of the Warren Featherbone company, their reading room will be open to the public every afternoon and evening during the winter. The room will be open Sunday afternoons from 2 o'clock, but the Young Men's Christian League will meet from 3 to 4 o'clock the same as usual. All the latest magazines, newspapers, periodicals, etc., will be furnished free of charge, and anyone will be perfectly welcome at any time.

Coloma Courier: The northbound, Saturday night mail sack for Water-vliet was kicked off the train here and brought up town by a passenger. Postmaster Miller delivered it early Monday morning. A petition to the postal authorities at Washington has been circulated and largely signed by Coloma business men asking for a night-mail service here.

Will Mays of Millburg, who has been packing apples for the last six weeks near Hannibal, Mo., returned home today. J. J. Seel of St. Joseph for whom he worked also returned with him. Jake is called the "fly apple buyer" in Missouri. He purchased, this season over 17,000 barrels, 4,000 of which were bought in one orchard of 60 acres. Jake has made some money this season, probably \$7,000, possibly \$10,000.

ABOUT THE COUNTY.

Gallen.

Gallen, Nov. 13.—Gallen ought to have a business boom with all the advertising Chicago papers have given us.

With the present state of affairs it looks as though we were to have a free for all fight.

J. D. White will soon be ready to move into his new store. The building is being hurried toward completion.

The diphtheria epidemic is now confined solely to the quarantined houses. Business is picking up and with a little more advertising Gallen will become the metropolis of the county.

The doctors who have been threatened with arrest by the Chicago papers look upon the matter as a joke.

Berrien Centre.

Berrien Centre, Nov. 13.—E. M. Hursh held his public sale yesterday and disposed of his stock of household goods and farming implements. Everything brought a fair price especially the stock. Two cows were sold for \$108. Mr. Hursh and family will leave Monday for St. Charles, La., where they will make their home in the future. He has purchased 80 acres of land and intends to raise berries and rice.

Harry Rutter has moved his family to Dowagiac.

Hon. Thomas Mars is still running the Rutter store as administrator of the estate. The recent sale of the store and stock which was reported to have been made fell through when it came time for the Coloma parties to put up their money.

Popular With all Classes.

Magnolia Blossom is the most popular female remedy of the day because it is not expensive and is within the reach of all classes. Scores of women say that a dollar box has benefited them more than fifty dollars spent for other remedies, and in many cases a single box has effected a cure for those who had doctored for years without obtaining relief; it enables women to treat themselves privately in their own homes, and is a simple and speedy cure for all the distressing ailments peculiar to women. Sold by all druggists.

Pullman Loses His Fiance.

Chicago, Nov. 13.—Formal announcement is made of the breaking of the engagement of George M. Pullman and Fellicite, daughter of Ex-Governor Oglesby. It is said his father's disinheritance had nothing to do with it.

A Woman's Wit.

A western judge was approached by a verdant couple who wanted to be married. The would-be groom asked the price of tying the knot and was told it was \$1.

"Can't you take beeswax?" inquired the rustic.

"Yes," said the squire. The wax was brought in and upon being weighed was found to be worth just 60 cents.

"Well," said the anxious groom, "tie the knot, and I'll fetch more wax next week."

"No, sir. I don't trust. That is against the rules of the office."

Slowly the disappointed youth turned to go out, saying, "Come, Sal, let's go."

"I say, mister," answered Sal, with a woman's wit, "can't you marry us as far as the wax will go?"

"Yes, I can and I will," responded the judge, laughing, and he did.—Exchange.

Teeth Filled With Glass.

The latest use for glass is instead of gold as a material for stopping decayed teeth. It answers splendidly and is far less conspicuous than the yellow metal. Of course it is not ordinary glass, but is prepared by some new patented process which renders it soft and malleable.

Glass, too, is being extensively used for church bells. It can be toughened so that there is no risk of its cracking, and the tone is said to be, beyond anything yet invented, perfect, soft and sonorous.

The color of this new bell glass is a deep, rich green.—Philadelphia Record.

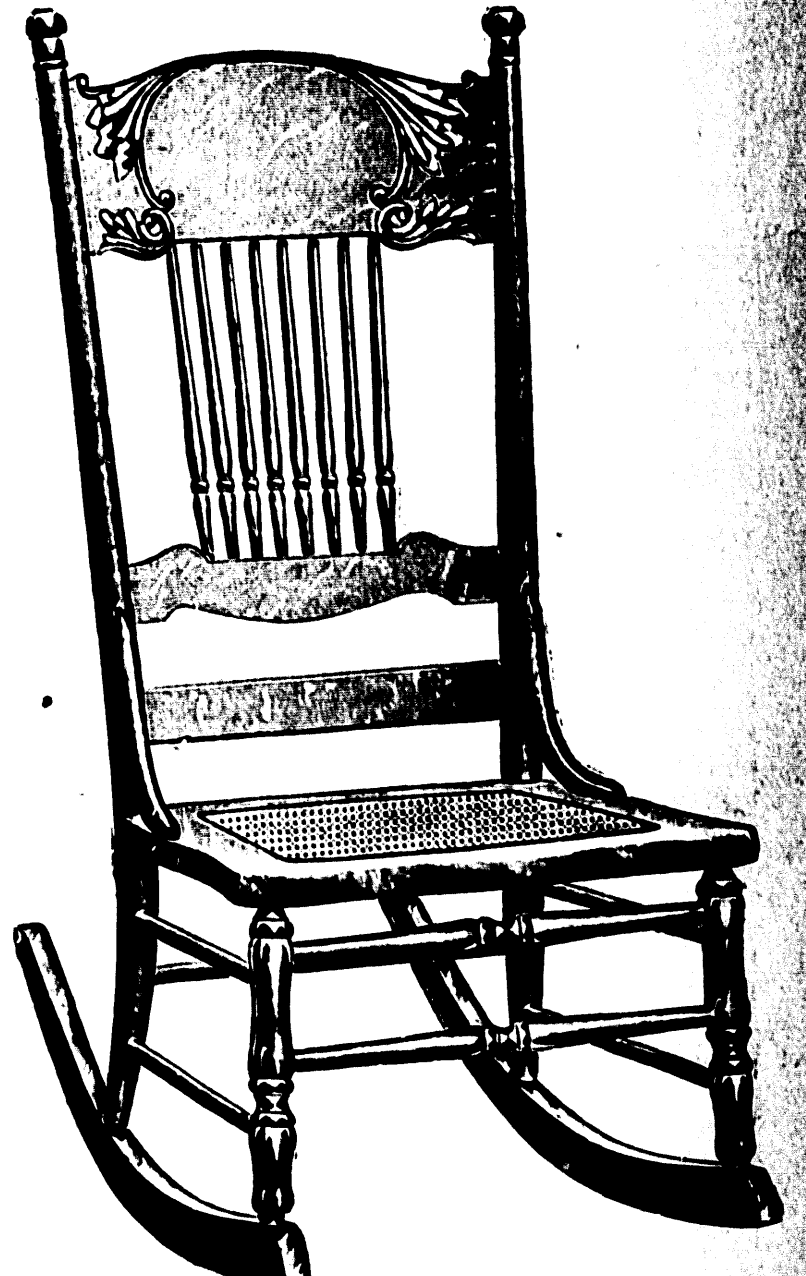

The palace of the king of Siam is enclosed in high white walls which are a mile in circumference. Within them are contained temples, public offices, seraglios, stables for the sacred elephants, accommodation for 1,000 troops, cavalry, artillery, war elephants and arsenal and a theater.

Of the 12,000 tons of ice consumed daily in Greater New York in the summer time about 20 per cent is artificial.

Our work is the best and we guarantee to make your goods wear one-fourth longer than any other laundry in this section, especially the so-called hand laundries, for they cannot avoid the use of chemicals which we have done away with by the use of our new WATER PURIFIER, which gives us an abundant supply of practically soft water. Do not be deceived by parties claiming to do the work all by hand, for their methods are very much more destructive to the linen than ours with our late improvements. We have had years of experience in both ways and know whereof we speak. If you will visit our laundry you will at once be convinced that our way of washing is the easiest possible on the goods. Flannels washed with distilled water and Olive Oil soap, leaving them soft and full size.

In the eyes of Mr. Rowley "repudiation and anarchy" is all right if one does not have to give up a \$2,500 post office job to advocate them. There are too many "statesmen" of the Rowley type.

NEXT Wednesday evening Sig. Angelo Patricolo, the second greatest pianist in the world, will give a recital at the First Congregational church in this city. No such opportunity was ever before given the people of this city to listen to as great an artist. But some will remain away on the ground that they cannot appreciate the classic and artistic in music. That is all the more of a reason why they should attend. It is by hearing the best that a taste is developed for the best. Education is lacking in these days in persons who cannot enjoy and comprehend the highest ideals in music and in art. It is by improving such opportunities as that of next week that the art in higher music is appreciated and the sounds that to the untutored ear seem jargon become as strains of heavenly music.

A NEW York letter says: "The supporters of Seth Low in this city, by declining to vote at all for chief judge of the court of appeals, elected Judge Parker. There was no candidate for the place named or printed on the Citizen's Union ticket. To be sure, if a Seth Low man desired to vote for either Parker or Wallace, he was able to do so by properly marking his ballot. But the vote for judge of the court of appeals in Greater New York was more than 90,000 less than the vote for mayor. Of the 90,000 metropolitan residents who did not vote for judge, fully 70,000 were republicans. Seventy thousand votes added to those which

...to the above that the Low men are amateur reformers, that amateur reformers never learn by experience and that they may be expected to commit some similar folly next year.

ROYAL BAKING POWDER CO., NEW YORK.

LOCAL BREVITIES.
REV. George B. Simons will occupy his pulpit both morning and evening at the regular hours.
JOHN Hughes, an old soldier living near Riverside, died this morning. He had a bilious attack and also catarrh.
WILLIAM Middleton has returned to his desk in the freight office of the Big Four after an illness of several days.
THE new secretary of the Y. M. C. A., N. W. Woodford, will deliver an address in the Presbyterian church on Sunday evening.
B. F. SELLS' team, hitched to a milk wagon, ran away on Vineyard avenue this morning doing considerable damage.
REV. George A. Sahlin will give his great play, "The Story of Old Glory," at South Haven next Tuesday and Wednesday evenings.
CAPT. Silas Sink is confined to his house with rheumatism. The attending physician ought to treat him with Excelsior mineral water.
THE Twin City football players missed their train this morning and had to drive to Buchanan where they have a contest this afternoon.
SHERIFF Ferguson this morning took Archie Poole to Ionia where he will serve a sentence of four years for assault with intent to do great bodily harm.
ANY lady having one or more cans of fruit that they will give for a Thanksgiving offering to the children's home can leave same with Mrs. John Bell or Mrs. A. J. Kidd.
THE ladies of the Home Forum will give on Tuesday evening an oyster supper, price 10 cents a dish, at the home of Mrs. Vandercar, second house on Elm street. All who come will be made welcome.

KALAMAZOO NEWS: A traveling man was mistaken for Frank Phiscator, the Klondiker, at a Benton Harbor entertainment the other evening and he was so tickled at the mistake that he spent several dollars on the crowd.
REV. Dr. Van Schoick, the new presiding elder of the Niles district, will preach at the First Methodist church Sunday morning. Dr. Van Schoick is one of the ablest preachers in the conference. There will be no communion.
BUCHANAN Record: Passengers on the trains of the M. B. H. & C. railway are struck with the number of buildings going up along the line of the road, and the evidence of the benefit to the country through which it passes.
STREET car No. 4 left the rails on Pipestone street last night and attempted to run across the lawn of an adjacent dwelling. The spreading of the rails caused the accident. The same car was derailed in the same place this morning.
MISS Lena Osborne was the accompanist at the Alice McClung concert last evening and won many new admirers for her exceptional musical talent. The little McClung girls will take violin lessons this winter under the direction of Prof. Graff Clarke.
IN THE NEWS last evening C. J. Brown's advertisement read "Hubbard squash, 1 1/2 cents." Of course it meant 1 1/2 cents per pound and the omission was a typographical error and not Mr. Brown's fault. The grocer was plagued by good-natured people all day who wanted to buy a squash for a cent and a half.
THE funeral of the infant son of Mr. and Mrs. Austin Crago occurred at the First Baptist church yesterday afternoon. In the absence of the pastor the Rev. W. P. French preached the sermon. Burial occurred at Crystal Springs. Mr. and Mrs. Crago will return to their home in Grand Rapids early Monday morning.

HAS Frank Phiscator knocked the "eye out" of the city editor of the Niles Sun on some former occasion? That paper says: "The ladies of Benton Harbor held a chrysanthemum show the past few nights and the biggest attraction of the whole affair was Frank Phiscator, the Baroda gold miner. Phiscator's gold makes him very popular. If he should suddenly lose it—that would be the end of Phiscator."
DURING the attempted prosecution of H. D. Deam for an alleged violation of the United States postal laws it was maintained, Mr. Deam says, by Messrs. Davies, Hamilton and Hollis, that the proceeding was conducted at the instance of the Mosler safe company. Mr. Deam has in his possession a letter from the safe company, written November 11, which assures him that they had no connection with the prosecution.
MRS. Emily O. Tatman had a vacant dwelling house, for which real estate dealers were unable to procure her a tenant. Mrs. Tatman advertised in THE NEWS and less than 24 hours after the advertisement appeared she had an application for the house. You can't convince Mrs. Tatman that money spent for advertising in a paper with a circulation is not profitable. Mrs. Tatman's experience is the same as the hundreds of others who use THE NEWS want columns.

LOCAL FISHMEN DECLARE THEY WILL LEAVE THIS SHORE.
New Law Makes Their Occupation Unprofitable and They Will Go to Indiana.

Local fishermen are much disappointed over the recent decision of the supreme court providing a closed season for fishing in the great lakes from October 31, to December 15. The court also denied the contention of the fishermen that even if the law were constitutional it does not become operative until April 1, 1900. The opinion declaring that it is now in effect and this decision increases the discomfiture of the local commercial fishermen.
The fishermen contend that with the big investment they have in tugs and seines it is impossible for them to operate their business at a profit and not fish in November and December. Last year they fished during almost the entire winter, and ordinarily the month of November is the best in the year.
This prohibitory law, coupled with the law abolishing the four-inch mesh for trout, is a crushing blow and two of the firms, Gran & Bealow and Habel Bros., declare they will have to leave this state and go to Indiana or Illinois, where the prohibitory law is not in existence.
The industry is worth \$25,000 a year to the two cities.

A GRAND CONCERT.
Sig. Angelo Patricolo will Appear Here Wednesday night.

Not only will we have the pleasure of hearing a great musical artist on Wednesday night of whom the Elgin Local of March, 1897 says, "Sig. A. Patricolo, the Italian pianist, is simply grand. The artistic manner in which he rendered his selections displayed the fact that he is an accomplished master of the piano. He won the admiration of all. He is a wonderful pianist of whom any city may be proud," but he will be assisted by local talent which will be a concert of itself.
A ladies' chorus will render the famous "spinning song" from "The Flying Dutchman," which is given by request also Graff Clarke, a violinist of St. Joseph who is an artist of pronounced ability will render several selections. Mrs. Charles Stone will sing and Frank Velton, Benton Harbor's "Bill Nye," will read from James Whitcomb Riley.
No one can afford to miss this. The business men will not be called upon nor will children call at your homes to solicit patronage for this is to be an event that needs no begging. Tickets can be purchased at the door for the very low price of 25 cents. The price is no criterion of the entertainment as we do not want to make money but merely to clear expenses and give every one an opportunity to hear a great man.

DISAGREES.

Jury in the Whitney Cases Unable to Reach a Decision.

Harry Whitney, tried in the circuit court on complaint of committing an assault and battery upon Herman Zouke, was discharged yesterday. The jury sitting in the case could not agree and was excused from further consideration of the evidence after deliberating nearly three hours. The result of the trial is a compliment to Lawyer W. C. Hicks, who defended Whitney.

CURED OF SCROFULA.

ALLEGAN, Mich., Sept. 3.—For the benefit of suffering humanity I wish to state that for seven years I was a great sufferer from scrofula and blood trouble, having a very bad limb all of those years. My limb was a raw sore from the knee to the ankle, and it had been impossible to find relief or help. My health was very poor from the condition of my blood. After all of these years of suffering I became discouraged and had about given up being any better.
I was advised to call on Drs. B. S. & Co. when at Allegan. They told me they could help me. I believed they knew their business and commenced treatment at that time. This was in 1893. I began to improve at once and continued to improve until my limb was well and my health was good, and I have remained well and I feel that I cannot thank Drs. B. S. & Co. enough for what they have done for me. After seven years with other skillful doctors and to get no better I feel that I must sing their praises. I am in hopes that all sick and afflicted will see Drs. B. S. & Co. before it is too late. They are all right and gentlemen of honor.
MRS. LIZZIE SCHINTZ.
Drs. B. S. & Co. will be at Hotel Benton Wednesday, Oct. 20.
Dr. Booth will be at St. Joseph, Lake View House, Tuesday, Nov. 16. Benton Harbor, Hotel Benton, Wednesday, Nov. 17.

THE END OF HER ROPE.

Spain Can Borrow No Money for Battle Ships and Is In Straits.

SHE CAN'T RAISE \$15,000,000.

The Condition of the Country That Occasionally Talks of Fighting the United States.

London, Nov. 13.—Striking evidence of Spain's financial straits is furnished in the dispatch of the Madrid correspondent of the Daily Mail, saying the Spanish government, finding it impossible to raise the sum of \$15,000,000 by loan or taxation to carry out its original plans, has decided to build two new cruisers only, of 2,000 tons each.

It is now pointed out that the cruisers mentioned by the Daily Mail correspondent were to have been battle-ships, for whose construction the government of Spain negotiated with the Armstrongs months ago. The contracts were eventually signed and the keels of the new battle-ships were laid, but the Armstrongs refused to proceed without assurances of payment. Now it is doubtful if Spain will even be able to pay for the small and comparatively ineffective cruisers which are intended to replace the projected battle-ships.

In spite of this, according to the correspondent of the Daily Mail, the Spanish naval authorities claim to regard the Spanish navy as being already superior to the navy of the United States, which may explain some of the bellicose utterances of the Spanish press.

In connection with Spain's hunt for warships American diplomats have learned that Spain recently endeavored to make an arrangement with Japan whereby in the event of war with the United States the thirty or so warships now building in various shipyards for Japan would be transferred to Spain, and it is supposed that upon the falling of these negotiations the Spanish government entered upon a deal with Chili for the transfer to the Spanish flag of several vessels about completed for the Chilean republic.

The diplomats referred to express the opinion that from the standpoint of international law the completion of such a deal might be regarded as an unfriendly act toward the United States. Besides the Rothschilds, other prominent financiers of London and Paris have entirely cut off the monetary supplies which Spain has hitherto succeeded in obtaining.

Those expecting to have photos for Christmas had better come early and get the rush. Postoffice 1944

Directors of the Chicago Commercial Bank Resign.

Chicago, Nov. 13.—O. W. Potter, O. W. Rawson and B. A. Ware do not think James H. Eckels the greatest financier that ever lived. They opposed his election as president of the bank, and to show how much they took the action of the majority of the directors to heart they have decided to resign their connection with the directory from and after January 1.

BIG TRUST DEED IS FILED.

Chicago and Northwestern Gives a Mortgage for \$165,000,000.

Chicago, Nov. 13.—The Chicago and Northwestern railway filed for record yesterday morning a trust deed to the United States Trust Company of New York for \$165,000,000. It is issued to refund all the railroad company's indebtedness.

The principal items of the obligations of the company consists of mortgages aggregating \$114,302,000 on the Chicago and Northwestern system proper and \$17,343,000 of mortgages on the Winona and St. Peter railway. Bonds under the trust deed will be issued as fast as the prior mortgages mature. They will bear interest of not exceeding 5 per cent, dated Nov. 1, 1897, and maturing Nov. 1, 1997.

The instrument will be filed in every court through which the railroad runs. It is signed by Marvin Hughitt, president, and E. L. Sykes, secretary, for the railroad company.

WILL CUT THE BILL.

County Board Thinks Costs in Luetgert Case Too High.

Chicago, Nov. 13.—State's Attorney Deneen, Assistant State's Attorney McEwen and Police Inspector Schaack held a conference with the finance committee of the county board yesterday over the items of the bill of expenses incurred in connection with the prosecution of Luetgert. The committee will report its findings to the board Monday.

The bill as submitted to the county board aggregated \$5,735. The committee will recommend a reduction to \$4,266.20. The pay of experts is reduced to a basis of \$25 a day for attendance while in court. Many items of the bill have been stricken out because they were for expenses incurred by the city police before the case was brought before the grand jury. For this work the committee believes the city ought to pay.

Commissioner Allen, chairman of the finance committee, said: "If the state's attorney asks for a further appropriation to defray the expenses of the second prosecution of Luetgert I do not know where the money is to come from as both the contingent and other funds that might have been used for the purpose have been exhausted."

A Terrible Case of Dropsy Cured.

BENTON HARBOR, June 2, 1897. This is to certify that I was sick with dropsy and had become so bad that I felt that I would soon pass away. I weighed 187 pounds. During the past three months I have improved so rapidly that I am confident I will soon regain my normal weight, and be a well woman. I will gladly tell all who wish to know where to go for treatment. Drs. B. S. & Co., are the ones that have cured me. MRS. WILLIAM KNEIBUS.

MICHIGAN.

CAMPAIGN SECRETS.

They Were Disclosed at a Trial at Bay City.

Bay City, Nov. 13.—In the suit of Edwin T. Bennett against the stockholders of the Bay City Tribune for damages for false imprisonment, Bennett on cross examination said that Governor Pingree paid him \$75 for publishing a speech during his election campaign, and that Col. A. T. Bliss paid him \$200 when a candidate for governor.

The supreme court has refused to dissolve Judge Maxwell's order, made on E. T. Bennett's petition, requiring stockholders of the Bay City Tribune to produce the books on the trial.

WEST MICHIGAN WASHOUT.

Railroad Track Sinks Into the Lake at Petoskey.

Petoskey, Nov. 13.—There was another bad washout yesterday at the embankment on the lake shore just out of the city where the Chicago and West Michigan has had so much trouble. A hundred feet of embankment slid into the lake just before a passenger was due to arrive, and after sixty car loads of stone and gravel had been dumped into the hole the new track also gave away the second time.

Ann Arbor is threatened with a damage suit from parties who were convicted under the ordinance licensing transients. The men refused to pay fines and went to jail. They claim they came to make a permanent residence.

It appears that the diphtheria epidemic at Gales was exaggerated. The village clerk writes the secretary of state that only two deaths have occurred since last spring, both in one family.

D. Z. Curtis, former editor and proprietor of the Saginaw Leader, has been in Battle Creek for several weeks arranging to establish a morning daily there. His efforts have been successful and next Sunday the first copy of the Battle Creek Morning News will be published. A liberal subscription and advertising list has been secured in advance. The paper will have full morning dispatches. This new enterprise may have some connection with the fact that both the afternoon papers in Battle Creek have recently begun taking press dispatches.

Prof. U. P. Hedrick, state inspector of nurseries and orchards, states that, although the law providing for the inspection did not become operative until late in September, he has already found the San Jose scale, which is the worst of all insect pests, in 12 orchards and two nurseries of this state. He thinks the pest can be stamped out.

Michigan postoffices have been established as follows: Circle, Oakland county, three miles northwest of Birmingham, with Fenn Weston as postmaster; Onida, Lenawee county, three and a half miles southeast of Clayton, with George H. Deline as postmaster. Abram Mandelson has been commissioned postmaster at Hillman.

Public Printer Palmer has appointed John S. Maddin of Allegan a compositor in the government printing office.

TO THE PUBLIC.

As a stranger soliciting a share of your patronage it is but just to you and to myself that I make some mention of my fitness for the work I would undertake. I come of a medical family, my father, brother and many relatives being physicians. I have attended and hold credentials from leading homoeopathic and allopathic medical colleges. For eighteen years I have successfully conducted a large practice. I have held high office in State and National medical societies, and received honorary professional recognition from abroad. I have had considerable hospital experience, am something of a medical writer and author, and have been professor in reputable medical colleges.

These frank statements can be easily verified. If they commend me to your confidence it will give me pleasure to professionally advise and assist healthward all who need and desire my services.

I am prepared to and will practice all branches of medicine and surgery, but because of special research, experience and success in this direction, greatly prefer and particularly invite those suffering from obscure, complicated, delicate, and all chronic or lingering diseases to consult me. Obsolete cases that others have failed to cure are solicited.

My office is at 112 East Main street, one door east of the postoffice, Benton Harbor.

Respectfully, C. EDSON COVEY, M. D.

THE ELLIS CASE.

Great Interest manifested in Further Tests Being Made.

SAGINAW, Nov. 9.—Considerable interest is manifested here over the case of young Ellis, who lives at 221 South Sixth street, this city. It is generally known that our physicians had given him up to die of Bright's disease, and ceased to prescribe for him.

When his death was hourly expected his father happened to notice something in one of the papers about Dodd's Kidney Pills having cured Bright's disease. It struck him that never before, so far as he knew, had it been claimed for any remedy that by its use Bright's disease could be cured. With the slender hope that this remedy might do so he decided to try it.

It now transpires that a positive cure has been effected; young Ellis is as well today as he ever was in his life, and the credit for the cure is justly given to Dodd's Kidney Pills.

So wonderful are the claims made for Dodd's Kidney Pills, and so marvelous are their cures that our best physicians, including Dr. Lewis, have put their supposedly incurable patients under a course of treatment with Dodd's Kidney Pills, and the results are looked forward to with interest.

The fact that they positively cured young Ellis of Bright's disease is so convincing that Dodd's Kidney Pills are being used by our citizens in a great many other cases of Bright's disease, as well as in numerous cases of diabetes, rheumatism, dropsy, heart trouble, etc., which the manufacturers of these pills claim are also diseases of the kidneys, and equally curable by their wonderful remedy.

CURED OF SCROFULA.

ALLEGAN, Mich., Sept. 3.—For the benefit of suffering humanity I wish to state that for seven years I was a great sufferer from scrofula and blood trouble, having a very bad limb all of those years. My limb was a raw sore from the knee to the ankle, and it had been impossible to find relief or help. My health was very poor from the condition of my blood. After all of these years of suffering I became discouraged and had about given up being any better.

I was advised to call on Drs. B. S. & Co. when at Allegan. They told me they could help me. I believed they knew their business and commenced treatment at that time. This was in 1893. I began to improve at once and continued to improve until my limb was well and my health was good, and I have remained well and I feel that I cannot thank Drs. B. S. & Co. enough for what they have done for me. After seven years with other skillful doctors and to get no better I feel that I must sing their praises. I am in hopes that all sick and afflicted will see Drs. B. S. & Co. before it is too late. They are all right and gentlemen of honor.

MRS. LIZZIE SCHINTZ.

Drs. B. S. & Co. will be at Hotel Benton Wednesday, Oct. 20.

Dr. Booth will be at St. Joseph, Lake View House, Tuesday, Nov. 16. Benton Harbor, Hotel Benton, Wednesday, Nov. 17.

NEWS FOR THE STEAMER CHICORA WITH A SUBMARINE BOAT.

Oshkosh, Wis., Man Has an Original Plan to Find the Lost Vessel.

Oshkosh, Nov. 13.—The Raddatz submarine boat has been sold to a syndicate consisting of two Wisconsin men and three Eastern men whose names are at present withheld, and the formal transfer will be made Monday. The vessel will be taken to Milwaukee this fall or next spring and used in discovering and raising sunken cargoes. One of its first commissions will be to make a search for the Chicora. The vessel weighs thirty-one tons and is sixty-five feet long. It has made numerous satisfactory tests. Mr. Raddatz retains a royalty upon the boat and its operations.

WRAPT IN FLAMES

Small Son of A. S. Hoyt Nearly Lost His Life Yesterday.

Ansel, the five-year-old son of Mr. and Mrs. A. S. Hoyt, residing on Baird street, had a narrow escape from burning to death late yesterday afternoon. A bonfire had been kindled in the alley in the rear of his father's home and the little fellow in playing with the flames caught his clothing in the fire. He at once began to cry and ran for the house when Mrs. S. E. Cuffel, who chanced to be coming from down town, saw the child's danger and throwing her packages to the ground, hastened to his assistance. After much work she succeeded in smothering the flames with the assistance of her heavy winter wrap.

The little chap was but slightly burned but if it had not been for the prompt action of Mrs. Cuffel he would undoubtedly have burned to death.

AMONG THE CRIMINALS.

George Congdon Goes to Jail for Sixty Days.

George Congdon was sentenced by Justice Cady to 60 days in the county jail this morning in punishment for assaulting Dr. Fabry with a knife. The complaint against him of assault with intent to do great bodily harm was changed to assault and battery, to which he pleaded guilty. John Holland is having a hearing before Justice Graves today on the charge of larceny. He is being defended by Lawyer I. W. Riford.

Do Clocks Get Tired?

"Do clocks get tired?" said Mr. Bill-topa. "I imagine they do. I love to hear a clock tick. I suppose everybody does. We had a little clock that I used to keep in my own room. It stopped one day and I shook it up a little and it started on, but it soon stopped again, and after that it kept stopping, and sometimes it would take me ten minutes to shake it up so that it would go on and keep going. I suppose I spent on that clock as much time as would have paid for half a dozen clocks like it, and finally it stopped altogether and I gave it up and the little clock lay idle for months. I supposed that sooner or later we should throw it away, and I thought the only reason that we didn't was because we hate to throw anything away.

"But one day one of the children got hold of the clock and took the back off it to see what was the matter with it. You know what happens when children begin fooling with a clock. I never expected to hear the clock tick again, but I'm blessed if the shaver didn't make it go. What he did to it I don't know—nothing, I guess, except to oil it, and I suppose that was all it needed, or else it had simply tired and had wanted a rest, but it's going again now and ticking away like a good one."—New York Sun.

Two Anecdotes.

Who does not know the "copper horse" at Windsor—that equestrian statue at the end of the long walk, to which (and back again) the local flyman always offers to drive the tourist? The queen was entertaining a great man, who in the afternoon walked from the castle to Cumberland lodge. At dinner her majesty, full as always of gracious solicitude for the comfort of her guests, said, "I hope you were not tired by your long walk?" "Oh, not at all, thank you, ma'am. I got a lift as far back as the copper horse." "As far as what?" inquired her majesty, in evident astonishment. "Oh, the copper horse, at the end of the long walk." "That's not a copper horse. That's my grandfather."

Steamer Frank Woods Arrives from Milwaukee.

The steamer Frank Woods arrived this morning from Milwaukee. Members of her crew relate thrilling stories of their experience in Thursday's storm, when the steamer was out 19 hours on one of the fiercest seas in years. No damage was done the vessel, and her captain is proud of her behavior.

The barge Tice is in with salt which she is discharging at the Big Four dock.

The car ferry arrived this morning and cleared immediately with a full cargo.

SOCIAL AND PERSONAL.

What Benton Harbor's People and Societies Are Doing.

The ladies' Willing Workers society postponed its meeting until Friday which was largely attended at the home of Mrs. Sanders on Broadway.

George Anderson is confined to his home by illness. He is reported to be in a very serious condition.

Buchanan Record: Frank T. Plimpton and daughter, Miss Louise, visited relatives in Benton Harbor Saturday.

Mrs. Frank English and infant son spent Saturday and Sunday with relatives in Benton Harbor.

BOSTON'S GREAT PREACHER.

The Rev. J. B. Brady, D. D., Advises His Many Parish-ioners to Take Paine's Celery Compound.

The Rev. James Boyd Brady, pastor of the People's Temple, in Boston, presides over the destinies of the largest Methodist church in the country.

Big, candid, Scotch-Irishman that he is, Dr. Brady has built up the Temple financially and numerically, and today he is the pastor of a flock of 1,700.

Dr. Brady devotes himself with unflinching courage to anything he undertakes. The chief characteristic of his ministry has been progress, in number, financial condition and moral and spiritual growth. He is a man of plain, but vigorous words. So much has been said and written about Dr. Brady—his work, his progressive methods, his eloquence and power as a minister, that the following letter from him will be convincing and helpful to many persons besides the large number who are every Sunday influenced for good by his powerful preaching. He writes: Boston, Sept. 27, 1897.

Paine's celery compound, if widely and wisely used, would relieve nervousness, soothe restlessness, reduce sickness, strengthen the body, invigorate the mind, and add years of happiness to life.

JAMES BOYD BRADY,

Pastor People's Temple.

The man or woman who does not take time to get well will sooner or later have to take time to be ill.

Many live under the needless infliction of indigestion, nervousness, constipation, and general weakness, and endure the consequent loss of health without considering how easily the cause of all this illness might be remedied.

Needful nerve and tissue nourishment is at the bottom of all permanent building up of the health.

Paine's celery compound looks out for the insidious weakening of the nervous system through malnutrition. It gives a healthy tone to the stomach, increases the blood supply, quiets and equalizes the irritated nerve action and promptly feeds the tissues when the bodily vigor is at its lowest ebb, and should not be further taxed.

The only cure, therefore, for rheumatism, neuralgia or general debility that is lasting in its good effects must rest on a radical cleansing of the blood and a building up of the nervous tissues. All this is best done by Paine's celery compound, because this remarkable remedy begins at the beginning, wherever there is disease, and establishes the health firmly and beyond any fear of falling back.

The worn-out person who cannot sleep should take Paine's celery compound. It is folly to imagine that every hour taken from sleep is an hour gained. Nothing undermines health and energy like loss of sleep. The nervous system suffers as much from lack

of sleep as from lack of nourishment. Both may be supplied and a healthy condition insured by using Paine's celery compound.

The stay and staff of sound health is well nourished and well regulated nerves. Sufferers from sleeplessness, nervous dyspepsia or headache may be sure that every reservoir of nerve force has been tapped and exhausted by work, worry, too little sleep, or faulty nourishment, because of poor digestion and assimilation. As soon as such signs of nervous exhaustion are noticed, shaky hands, broken sleep, poor appetite, wasting diseases, neuralgia or dyspepsia, take advantage of the remarkable restorative and regulating action of Paine's celery compound.

Nervous disorders increase in a sort of compound ratio. It is a thousand times easier to put a stop to nervous debility in its earlier stages than later on to correct nerve and brain exhaustion, that may be complicated by heart, kidney or some other organic trouble.

Paine's celery compound must not be confounded with any of the plausible sounding, but really temporary makeshifts, whose cures are never permanent nor thorough-going, and only bring deferred hopes that make the heart sick. Paine's celery compound is the greatest nerve and brain invigorator and most reliable blood purifier the world has ever been blessed with.
